

## Silent Disco

California State Fair, July 13 - 29, Expo Center #1

New this year, Silent Disco takes over the Fair! Crank up the tunes through a pair of personal headphones and groove like no one is watching to music only you can hear! Tune in to any one of three channels and get to jiving to the beat. Feeling tired of the station you are listening to? No worries! You can switch channels whenever you want throughout your dancing session. Get ready to feel the music festival vibes, right here at the CA State Fair!

Kid-friendly music plays until 5 p.m., after that, DJ's will battle to get the most participants listening to their station. Free with Fair admission.
